

The Vision of the Lake City Public Library

As an integral part of Lake City's rich heritage, we will be a leading-edge library that empowers our community to acquire new knowledge in the pursuit of lifelong learning.

We will do this by

- Continuously improving service that is accessible and welcoming to everyone.
- Providing materials and programs that educate, entertain and inspire.
- Using technology to create an adaptable and expandable library network conforming to national and international information and accessibility standards.
- Maintaining strong partnerships between public and private entities enabling users access to seamless information resources.
- Maintaining cost-effective stewardship of our physical and financial assets.

Mission Statement

The Purpose of the Lake City Public Library is to acquire, organize and provide access to a wide variety of materials and services, which will promote, maintain and improve the quality of life for the community. Our aim is to anticipate future needs and to respond to the changing nature of library services, which will help to fulfill the intellectual, emotional and leisure needs of the public.
